**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The broadband internet is controlled by those big giants, like AT&T and Comcast. As a end user, we see more competitions will lower the costs.

Give more opportunities to the small sized service providers, so that they can survive and benefit consumers.

I do not know why there are so many changes in the telecommunication markets recent years. All I know I pay much more than before at the same basic services I used.

Thank you.

Derek Leung
